Hi All.

I have a quick question, now that the press event is over. Since there were a number of reps from the CAG at today's event do we still want to go ahead with trying to plan a site tour on 11/10 before our next CAG meeting or do you think we should wait until the spring when construction is complete and actual operations will begin? Please let me know your thoughts, since logistics always seem to take more time than I think.

Thanks and Debbie, nice job today!
Elizabeth

Subject: Results of our call

Hi guys, just a quick recap:

1) We will produce meeting summaries to provide a decent overview of the meeting results and link to the presentations, please review the attached version from September and provide me any recommendations for changes or adjustments (should we include list of members present? what other

basic information should be on every one?) (I have also attached one from another CAG that I facilitate as a further example)

- 2) The CAG will provide recommendations and language to improve the CAG portion of ourpassaic.org
- 3) Debbie will look to expand membership in a few communities in conjunction with Baykeeper activities she is doing
- 4) November meeting to focus on outreach, SuperJTI, Floodplain sampling results
- 5) Doug will try to get outline, information on Ella's presentation
- 6) EPA will explore idea of a tour in combination with 11/10 meeting
- 7) December meeting to be rescheduled to week of 12/12 due to Doug conflict

anything I missed?

thanks
Doug
